

GradSift supports college recruiters to discover the best talent from any school

College recruiters trust GradSift technology to reliably replicate manual resume reviews and assess thousands of applications in seconds.

It's the simplest way to increase entry-level diversity by going beyond traditional target schools.

Interns

Undergraduates

MBA's

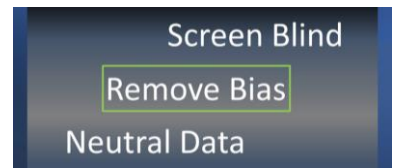

GradSift is purpose-built for college recruitment.

Its algorithm ranks students by interpreting their academic background, work experiences and extra-curriculars to assess leadership, achievements, behavioral skills and the relevance of their experiences to the role and the employer.

Student data is captured from drop-down fields. No resume upload. Screen blind removing any potential for bias.

“GradSift screens the same way as we do manually”
