GradSift's algorithm makes it easy to screen and rank thousands in just seconds. In addition to the filters and preferences employers can set for each role, GradSift uniquely evaluates the quality of candidates through behavioral indicators like leadership and interpersonal skills.

Two students with the same background? GradSift will show you who is stronger.

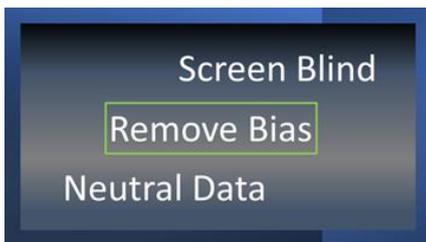

Watch video of students presenting at their best? You can do that too. You can also shortlist by a student's preferred roles or locations. Or identify those who have worked for key competitors.

✦ GradSift is easy and fairer for students

- Invite applicants to create a GradSift profile
- Takes 10 minutes, no document upload, neutral drop-down data
- Ranked differently for every employer

✦ Employers report greater diversity when they shortlist with GradSift

“Each application was evaluated objectively and without bias”

“GradSift delivered more diversity through each of our recruitment stages including hires”

“GradSift has definitely increased efficiency and productivity in our entry level talent recruitment”

GradSift frees up recruiters to spend quality time with their strongest candidates. But it also gives employers the capacity to consider students from any school. Now there is no constraint on the number of applications they can assess.

It's the best shortlisting platform ever for student applications.
